
FREE DOWNLOAD LICENSE AGREEMENT

Applies to every instrumental downloaded free of charge from matrixmusic.net/free-beats.

This Free Download License Agreement (the "Agreement") is entered into between MATRIX MUSIC (the "Licensor") and the individual downloading the instrumental (the "Licensee"). By checking the agreement box and downloading the instrumental, the Licensee accepts the terms below.

1. OWNERSHIP

The instrumental, including its musical composition and sound recording (the "Beat"), remains the sole and exclusive property of the Licensor. This Agreement grants a limited permission to use the Beat. No ownership, copyright, publishing or master interest is transferred to the Licensee.

2. GRANT OF LICENSE

The Licensor grants the Licensee a non-exclusive, non-transferable, royalty-free license to use the Beat for non-commercial purposes only, including songwriting, recording practice, demos and non-monetized uploads to online platforms.

3. RESTRICTIONS

Without first purchasing a license, the Licensee may not:

- sell the Beat or any song that contains it, or distribute either to streaming or download services (including Spotify, Apple Music, Amazon Music and Tidal);
- monetize any upload that contains the Beat on any platform (including YouTube, TikTok, Instagram, Facebook and SoundCloud);
- register the Beat, or any song that contains it, with Content ID, a performing rights organization or any rights-management service;
- remove, alter or cover the producer voice tag;
- resell, sublicense, share or redistribute the audio file;
- use the Beat in film, television, advertising, video games or any other synchronization.

4. CREDIT

Every use of the Beat must credit "Prod. by MATRIX MUSIC" in the title or description, with a link to matrixmusic.net wherever the platform allows.

5. COMMERCIAL USE

Before any commercial use, including a streaming release, monetization or sale, the Licensee must purchase a license for the Beat at matrixmusic.net. Licensed, untagged versions start at \$24.99.

6. BREACH

This Agreement ends automatically if any of its terms are broken. The Licensor reserves the right to claim, demonetize or request removal of any use that breaches this Agreement.

7. NO WARRANTY

The Beat is provided "as is", without warranty of any kind.
